

Unlock your organisation's potential

Meet Richard

Richard, our esteemed Head of Consultancy, brings a wealth of expertise as an accomplished environmental and safety practitioner, showcasing a strong emphasis on regulatory compliance. His extensive experience includes the design, implementation, and management of certified ISO 9001 Quality, ISO 14001 Environmental, and ISO 45001 Occupational Health and Safety Management Systems, underlining his proficiency in ensuring robust quality, environmental sustainability and safety protocols.

Richard possesses a diverse skill set that spans across all facets of quality, environmental, sustainability, and safety management, coupled with a profound understanding of compliance frameworks. Renowned for his adeptness as a public speaker and trainer, Richard excels in delivering impactful learning outcomes with confidence. His reputation as a clear communicator of intricate concepts and detailed legal requirements sets him apart, enabling effective dissemination of complex information within the realm of safety, environment and quality compliance.

Demonstrating his commitment to professional development, Richard holds a NEBOSH General Certificate, is an IEMA Practitioner member, and IEMA Lead Auditor a testament to his comprehensive understanding of environmental and occupational health and safety principles.

In his role at Brighter, Richard assumes leadership in orchestrating the delivery of comprehensive audit schedules, ensuring meticulous planning to encompass all functions outlined within the client delivery specifications. His expertise extends to conducting detailed observational-based audits on-site, demonstrating a keen eye for identifying critical standards compliance measures and ensuring adherence to stringent regulatory standards.
